Several drenching and welcome showers yesterday, accompanied by a hail storm.

Our clever young friend R. H. Bell is to be found by his friends as clerk at that popular hotel, the Adkin House. Dick is a courteous, polite and affable clerk.

Young lady, if your sweetheart fails to take you to the great go-as-you-please walk match next Saturday night, you may mark it down that he doesn't love you.

Nine splendid walks have entered for the race to come off next Saturday night at the "Harris Pavilion." Read the list elsewhere. Remember proceeds go to the Industrial Home.

The Nashville Evening Herald has failed, and the proprietor, James Browne, has made an assignment. Liabilities \$2,573. He turns over all his office, fixtures and appointments for the benefit of his creditors.

The family of Mr. Van Ham, consisting of a wife and son, arrived in the city Tuesday night from their former home, Selma, Ala., and have taken rooms at the Adkin House. Mr. Ham is assistant to Mr. J. Y. Johnston, paymaster and purchasing agent, for the E. T. V. & G. Railroad.

The remains of Mrs. Leiber, mother-in-law of our fellow-townsmen Mr. Abe David, whose death was announced in our last issue, were taken on yesterday's noon train to Louisville, Ky., for burial. Miss Leiber, daughter of the deceased, and Mr. E. S. Samuel accompanied the corpse.

Our enterprising townsman Mr. Rolt, H. Edington has, as we learn, secured the contract for constructing the masonry for a bridge on the Selma, Rome and Dalton branch of the E. T. V. & G. Railroad. The construction of the bridge consists of 1,000 yards of masonry, and Mr. Edington has gone to commence it.

The Knoxville & Ohio train yesterday evening took out a good lot of hands for the work on the connection. Messrs. J. L. Offutt, M. J. Costello and J. A. Gaboury, who are contractors, also went out to the works. Mr. M. J. Hogan, a clever young printer of this city, went along also to keep store for Mr. Martin Shea on his works.

John Welsh, a notorious "moonshiner," who has been operating extensively on Wallen's Ridge, Rhea county, was captured last Sunday morning by Capt. J. M. Davis, the famous revenue rider from the Nashville district and a posse of men. He was at the house of Ed Henderson and started to run, but was shot through the shoulders by Davis, seriously and captured. Henderson was handcuffed, but escaped. Welsh is the fellow who left Davis for dead in Putnam county some time, cut his horse's throat, and stealing his rifle fled for other parts. He was taken to Nashville for trial.

City council tonight.

The rain holds out well.

The temperature is very little improved by the showers.

The Chattanooga Times boasts that a new census of that city, just taken by Newcomb & Kline Brothers, shows a population of 15,161, an increase of 163 per cent. in one year. This is rather large figuring.

Tom Jackson, colored, waiter at the Real House, Chattanooga, formerly of Knoxville, has been jailed on the charge of carrying a pistol. It grew out of a row on Lookout Mountain, in which Jackson shot at another fellow.

A Chattanooga man has a huge alligator just from Florida, 6 feet in length and weighing 70 pounds.

Two acting justices of the peace in Chattanooga, J. W. Leigh and Henry Knox, had a fist fight Wednesday about the assessment of some property, and were to be tried before the city recorder yesterday for fighting.

From our friend Capt. Robt. Kittrell we learn that a new post-office has been established at Burton's Mills, near the mouth of Fork Creek, Loudon county, to be known as "Kittrell." Robt. H. Burton is appointed postmaster.

The Dandridge Watchman and Reporter has information that Maj. Henry Heiss, of the Nashville American, intends changing business soon. He will be at Wolf Creek in a few days where he intends building a summer dwelling, and will raise sheep for a live-hood.

More Marble.

We saw a beautiful specimen of marble yesterday, taken from the farm of J. T. Doyle, Esq., and his brother, W. C. Doyle, three miles south of Knoxville. It is variegated, the principle colors being a beautiful light brown and white. Its texture is the equal of the finest, and when polished is the equal of anything we have seen. For variety Knoxville county is hard to beat in the marble business.

President Garfield, Secretary Lincoln and other members of the Cabinet have notified the secretary that they will be present. Messrs. Butt, DePue & Co. have received a large consignment of banners and flags of many kinds and sizes, which are furnished at cost to all who may wish to decorate their premises on the occasion of the Knights Templar convocation next week. We would call attention to a few of the different designs which are on exhibition in the CHURCHMAN'S show window. We give the figures at which some of the articles may be purchased, so that parties may see how astonishingly low the prices are: United States flags from 48 cents to \$1.60 per dozen; Cross and Crown, 20 cents each; Knights Welcome, 40 cents each; Shields Welcome, 40 cents each. We would advise all those who desire to decorate their premises to call early, before the supply is exhausted.

OFFICE OF EAST TENN., VA. & GA. R. R. CO. KNOXVILLE, TENN., May 17, 1881.

A meeting of the stockholders of the East Tennessee, Virginia and Georgia Railroad Company will be held at the office of the company in Knoxville, Tenn., upon the 20th day of July, 1881, at 12 M., to approve of the further increase of the capital stock of the company and the issue of additional bonds.

To approve of the purchase of the stock and bonds of the Alabama Central Railroad Company, and also of the purchase of the stock bonds of the Knoxville and Ohio Railroad Company, and the endorsement of the bonds of said Company by the East Tenn., Va. and Ga. Railroad Company. Also to approve of the purchase of the bonds of the East Tennessee and Western North Carolina Railroad Company, and the endorsement of said bonds by the East Tenn., Va. and Ga. Railroad Company. Also to act upon some matters to be presented to the convention of stockholders for securing and extending the railroad connections of this Company by purchase, consolidation, lease, or otherwise, and for such other business as may lawfully come before the meeting.

The Cole System of Roads.

St. Louis Railway Register: It is generally admitted that the owners of the East Tennessee, Virginia and Georgia road made a great mistake in not purchasing the Atlantic, Mississippi and Ohio, now the Norfolk and Western, when they had the chance, for by allowing it to go into the hands of strangers they put it in the power of the purchasers to choke off their Eastern end. This error, which might have been disastrous in the extreme, is supposed to have been caused by the lack of cohesion between the principal owners of the Cole system of roads. A few days ago there was formed in New York a powerful syndicate, of which Mr. Cole was the head, which will remedy all omissions of the past. This new organization is composed of the purchasers of the Norfolk and Western, and the principal stockholders of the East Tennessee, Virginia and Georgia, Memphis and Charleston, Selma, Rome and Dalton and Macon and Brunswick, which altogether embrace over 1,800 miles of road, and it will at once proceed to perfect the system by building 300 miles more. The principal one of the new lines are those between Atlanta and Rome and Atlanta and Macon, to be followed by an extension of the latter to Chattanooga. The effects of this consolidation upon the South will be excellent, and will result in the building up of Norfolk and Brunswick as ocean ports. There will be a good line from Memphis to Norfolk and from the heart of the South Atlantic States and Eastern Tennessee to the Atlantic. The time is coming when all kinds of production will be increased and when there will be a demand for all the surplus products of the country. For the transportation of these the capacity of all trunk lines will be taxed, and steamers and sailing vessels will be running to every seaport of any consequence along the whole Atlantic coast. Even now the new system will earn large sums, but when the time has come when the earnings will be more than doubled, and the wisdom of the merging of the lines into one system will be demonstrated.

Excursion to "Island Home."

Mr. Editor: On last Saturday, May 28, Washington Church Sunday-school enjoyed a happy visit to the "Island Home." Colonel Dickinson furnished conveyances for a large part of our school, and took special pains to show to us all the beauties and marvels of his delightful home.

The colonel has specially favored Washington Church in more instances than one. The ringing of our bell reminds us of his generous gift a little more than a year ago. After returning from the picnic, the colonel gave the school a reception at his residence in the city, which was also greatly appreciated.

Some of the city lookers-on, who envied us our happiness, were inclined to make fun at the idea of coming from the country to town for a picnic, and riding so far through the hot sun. But we would inform them that instead of coming to town for a picnic, we went as a company of farmers' families on an excursion to one of the finest cultivated farms in the United States. As to the sunshine, that does not hurt us. We like it. We are a hardy race, with a great deal of sunshine in our lives, with the glow of health in our faces, and breathing the pure air of freedom that specially belongs to House Mountain and Grassy Valley.

The Cattle-driver.

In the press of business we neglected to acknowledge two or three days ago the receipt of a basket of Henderson's new improved cattle-driver, for which we are indebted to Professor McBryde, of the University. It was grown under his directions on the Agricultural College farm. It was very fine, and the success with which it has been cultivated by Professor McBryde shows that it can be grown in this climate. He is growing a great deal of it on the farm and has plenty of seed for distribution. He is a practical and scientific agriculturist and a great acquisition to the University and the State.

GO-AS-YOU-PLEASE FOOT RACE.

An Exciting Contest to Take Place Next Saturday Night.

The most exciting and interesting event of the week will be the great go-as-you-please foot race, to take place Saturday night at the "Harris Pavilion," opposite Burr & Terry's, on Crozier street. The president of the association, Mr. B. R. Strong, and Messrs. S. P. Condon and A. G. Payne, treasurer and secretary, are exerting themselves to make it a complete success, and we hope to see their efforts crowned with abundant success. The proceeds are to be given for the benefit of the "Girls' Industrial Home," which is a worthy object, and should not fail to secure a good patronage.

Three more entries were made last night for the contest, and the list is now as follows, with the color of the badge worn by each contestant:

Martin J. Condon, white; E. A. Wade, yellow; S. H. Elliott, red; A. R. Brown, black; S. C. Cole, green; C. V. Taylor, light blue; J. L. Boney, brown; A. G. Payne, gray; W. S. Butler, navy blue.

A gold medal is to be offered for first prize, and a silver medal for second prize. Both will be on exhibition at Hope Brothers' jewelry store this afternoon.

The following gentlemen have kindly consented to act as judges: Capt. John M. Brooks, Capt. Wm. Rule, Judge J. F. J. Lewis, Hon. H. H. Ingersoll and Prof. Thomas L. Moses.

The race will be commenced at 8 o'clock p. m. To add to the interest of the occasion, the management have gained the consent of Mr. C. A. Harris, Knoxville county's champion pedestrian, to generously walk a few miles and show the audience the lick by which he accomplished the 200 miles in 50 hours.

Special accommodations are to be made for the ladies and all the seats arranged so as to command a good view of the track. No smoking will be allowed in the pavilion, and the very best of order will be preserved by the special policemen and ushers. Reserved seats at 50 cents will be on sale at Williams' book store, but the general admission is 25 cents.

The Army Worm in Jefferson.

Dandridge Watchman and Reporter: Mr. Alf. Swann, of the Beaver Dam, in this county, informs us that the army worm has recently broken out on his plantation and is devouring his corn as they go. Last week they ate a 15 acre field of corn in two days, and 30 acres of grass in about four days. They consumed about 100 acres of rye, grass and corn for him, but he thinks he has the army completely surrounded by ditches, which they fall into as they march on, and while in the ditch they are burned to death with fire.

You are sick, well, there is just one remedy that will cure you beyond possibility of doubt. It's Liver or Kidney trouble, Consumption, Dyspepsia, Debility, Wells, Health Renewer is your hope. \$1. Druggists, Depot, Sanford, Chamberlain & Albers, Knoxville, Tenn.

The County Educational Meeting at the Bell House.

Mr. Editor: At the published call of Prof. C. W. Gibbs, county superintendent of public instruction, the teachers and school directors of the county met at the Bell House on Saturday morning at 10.30 o'clock.

Professor Gibbs called the meeting to order and nominated the Rev. Mr. Cottrell for chairman, and W. R. Murphy for secretary, who were elected and assumed their duties at once.

Professor Gibbs stated in full the business which would properly come before the meeting. He offered a resolution recommending to the educators of the county that the teachers, as far as possible, attend the University Summer Normal until about the 20th of July, and then attend two normal institutes to be held at different parts of the county, each to continue five days.

This resolution was discussed at length and with much earnestness by the Revs. Waters and Rudder and Profs. Gibbs, Joyner, Caldwell, Boyd, Castel and Murphy, which resolution was finally adopted.

Upon motion of Mr. Huffaker, Asbury, in the 17th district was selected as the place of holding the first institute, which will begin on Monday, the 18th of July.

Upon motion of H. M. Brown, Powell's Station was selected as the place of holding the second institute, which will begin on Monday, the 25th of July.

The county superintendent recommended to the directors the opening of the public schools on the second Monday of August, after which the meeting adjourned.

Woman's Wisdom.

"She insists that it is more important, that her family shall be kept in full health, than that she should have all the fashionable dresses and styles of the times. She therefore sees to it, that each member of the family is supplied with enough Hop Bitters, at the first appearance of any symptoms of ill health, to prevent a fit of sickness with its attendant expenses, care and anxiety. All women should exercise their wisdom in this way."—Hew Haven Palladium.
